This exploded view diagram illustrates the assembly of a refrigerator. The main body is shown with various internal components like the evaporator (16), condenser (23), and compressor (25) being installed. The door assembly (37) is shown being attached to the main body. The diagram includes numerous numbered callouts (1-47) pointing to specific parts, such as screws, brackets, and the main components themselves. A dashed line indicates the internal layout of the refrigerator. A separate section on the right shows the door assembly components, including the door panel (1), hinge (2), and door handle (31). A label 'Literature Parts' is present near the top right.
